

Chronic Coronary Disease

Description

This guideline provides a patient-centered approach to the management of chronic coronary disease, incorporating the principles of shared decision-making, social determinants of health, and team-based care. UnitedHealthcare uses evidence-based clinical guidelines from nationally recognized sources during review of our quality and health management programs. Recommendations contained in clinical practice guidelines are not a guarantee of coverage. Members should consult their member-specific benefit plan document for information regarding covered benefits.

To Review Guidelines

Guideline Title	Source/Location
2023 AHA/ACC/ACCP/ASPC/NLA/PCNA Guideline for the Management of Patients With Chronic Coronary Disease	American Heart Association/American College of Cardiology et al.: https://www.ahajournals.org/doi/reader/10.1161/CIR.0000000000001168 Developed in collaboration with the American College of Clinical Pharmacy, American Society for Preventive Cardiology, National Lipid Association, and Preventive Cardiovascular Nurses Association
